

WELCOME TO MO'S HOUSE OF AXE

"There were groups of 20-something women, competitive co-workers slipping in and out of Spanish, couples in wheelchairs and parents playing doubles with children....both possessed and mildly embarrassed by my own enthusiasm, I compulsively booked a second hour."

Tejal Rao | *The New York Times*

WELCOME TO MO'S

Mo's is an over-8,000 square foot Axe Throwing, bar and restaurant that transports you from the pressures of LA to the carefree woods for a unique experience.

Our menu has an elevated bistro vibe — from comfort food to salads to a Tomahawk chop — with original vegan and gluten free dishes that are truly satisfying. Our talented mixologists fashion perfect cocktails and pour delicious craft beers into chilled pints.

And, of course, the axes! We have ten pairs of lanes. Our trained and certified axe coaches curate fun and friendly competition and team building for memorable parties, while teaching and ensuring safe play.

Our venue is a perfect location for anything from presentations to live music, from birthday cakes to needle drops. We can handle everything from small and intimate gatherings to a playground for 500. Our Events Staff have worked with everything from bridal showers to LA's biggest companies, from birthdays to movie premieres to create unique events!

“Mo’s is the best for large corporate gatherings! The incredibly kind and attentive staff made our event such a success from start to finish. The planning process was simple, and they handled execution flawlessly. The axe throwing instructors got people engaged and kept employees laughing the whole time!”

Melissa Braxton
Omaze’s Culture & Learning Manager

TESTIMONIALS

The best event team to work with ever! My company wanted to do a hangout session prior to one of our artists' shows at the Wiltern and we landed on Mo's since it was so close! Right off the bat Daryl and the event team were on top of responding + getting everything sorted ASAP! It made me feel so comfortable and confident that the event was going to go smoothly. The artist raved about the staff, saying, "the best pre-show hang ever!" I have never worked at an event space + team that was so on top of everything, especially a month out. I didn't have to worry about anything day of. We will be working with them for all our events., not only because we had so much fun (and LOVED the food) but because it was so organized and AMAZING. I wish I could give them more than 5 stars -- they deserve more! **Gabriele Kramer** *Elektra Entertainment*

From birthday parties of 6 to 500 person events, here's some groups we've had...

"We had an absolute blast at Mo's and several colleagues said it was the best team building experience to date! We had a large group, but they were able to accommodate us in a semi-private area for a friendly axe throwing competition, non stop laughing, plenty of appetizers and beverages before heading upstairs to a wonderful dinner and announcing the winning team! The onsite staff was attentive and engaging while the event coordinator was accommodating and quick to respond to all of my questions. We even brought another team the following month once they heard about our experience!"

Amanda Torrence *Marketing | Nucor Warehouse Systems*

We'll make sure your event at Mo's is something everyone will remember.
